August 29, 2018

Dear Friend,

Namaste!

With the blessings of Lord Dakshinamurti and Pujya Swamiji, we performed vastu puja for our new complex on Sunday, August 19, 2018, in the presence of Swami Veditatmanandaji.

We thank all the donors who made this project possible including \$2M seed donor. We realized 2.7M through the donations of 108 people who gave \$25,000 each. With these donations we were able to realize 2.5M matching gift from an anonymous donor. We received an additional \$310,000 from 31 donors who gave \$10,000 each.

On this project, so far, we have spent about \$8.8M without borrowing a penny from the bank. This is an amazing accomplishment. In order to complete this building we need an additional **\$3Million**. An anonymous donor has come forward to give a matching gift of \$1.5M on a condition that we raise an equal amount by the end of this year. I feel this is very doable. If 100 donors come forward to donate \$15,000 each, we can achieve our goal. **This will keep the gurukulam debt-free.**

These 100 donors who will give \$15,000 each, will be honored along with the other \$25,000 donors in a similar fashion. Their names will be recognized on the plaque in the lobby. By increasing their contribution by another \$5,000, all \$10,000 donors have an opportunity to become \$15,000 donors. We encourage \$10,000 donors to take advantage of this unique opportunity.

This complex is a pride and joy for all of us. Upon its completion, it will meet all the future needs for years to come. Our Institute is one of a kind where we impart the traditional teaching of Vedanta in its original form. We thank all of you and wait for a favorable reply. Our Gurukulam does not have any debt. Let us keep it that way.

All donations are tax-deductible.

With Best Wishes and Love,

Piyush Shah
Treasurer
